INCOGNEETO™ QUICK START GUIDE

HOW IT WORKS

1. Place Magneeto™ II on the countertop.
2. Slowly slide the Magneeto™ II on the countertop until the:
   - Red LED starts flashing

     AND
   - SmarTag™ LED lights up
3. Place an induction-compatible pan on the Magneeto™ II.

OPERATION

Press POWER (green LED = ON)	Turns unit on
Place induction-compatible pan	Pan Detected LED illuminates
Set temperature using ▲ / ▼	Adjust warming temperature
Unit heats to set temperature	Display stops flashing when ready
Optional: Press LOCK (3×)	Prevents changes

OPERATOR NOTES

- Use induction-compatible cookware only
- Do NOT heat an empty pan
- Pan must cover the temperature sensor
- Unit will not operate without Magneeto™ II

DAILY CLEANING

1. Unplug the unit before cleaning.
2. Wipe surfaces with a damp cloth.
3. Do NOT immerse the unit or controls.
4. Clean the Magneeto™ II with mild soap.
